Great British Amplifier Transformers

| | | | | |
|-------------|---------------------------|----------|--------|-----------|
| Description | VOX AC4 Mains transformer | Part no. | TT3526 | Issue no. |
| | | | | 1 |

| Dimensions in mm | | Electrical Data | |
|------------------|-----------|--------------------------------------------------|----------------------------|
| A | 76 | Input(s) 50/60Hz | 0 - 100 - 120 - 230 - 240V |
| B | 64 | HT open circuit voltage | 275V |
| C | 64 | Heater open circuit voltage | 7V Centre tapped |
| D | 51 | | |
| E | 48 | Primary leads 150mm | |
| F | 48 | HT leads and earth lead 100mm | |
| G | 65 | Heater leads 300mm, heater centre tap lead 100mm | |
| Slots | 9.5 x 4.8 | | |

| | | | | | |

Warning

Warning: Electricity is dangerous and can cause death!

If you are not qualified to install this product please consult a qualified, competent person

Please be aware – You can still get an electric shock even if the appliance is disconnected!

Please note: This product may not be to the same specification for the model of amplifier you have. Please check the electrical specification on the datasheet BEFORE connecting. If you are unsure please consult a qualified, competent person.
